About Us

Incore Systems

PT Incore Systems Solutions is a leading company specialized in solving problems for multinational corporations and small to medium-sized enterprises through information systems and mobile applications.

AI with Us

indonesiacore.com

To deliver smarter and more impactful results, PT Incore leverages Artificial Intelligence (AI) across its products and services. By integrating AI, the company is able to develop intelligent, data-driven solutions that automate business processes, enable real-time data analysis, personalize user experiences, and power innovations such as chatbots, predictive analytics, and recommendation systems. Through the strategic use of AI, PT Incore Systems Solutions not only helps clients solve complex business challenges but also equips them with a competitive edge in the digital era.

Why AI is Core to Our Work

At indonesiacore.com, we believe Artificial Intelligence (AI) is not just a trend it's a necessity for sustainable digital transformation

- Predictive Analytics for sales, maintenance, and logistics.
- Natural Language Processing (NLP) for smart chatbots and multilingual sentiment analysis.
- Computer Vision for object recognition, surveillance, and quality control.
- AI-Enhanced Data Processing to clean, analyze, and visualize large datasets.
- Recommendation Systems to increase engagement and conversion.
- AI-Powered Anomaly Detection for finance, security, and monitoring.

Testimonial

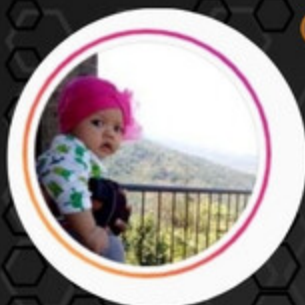

Page 24

Syam Nugroho

kerjaan jadi lebih lancar pake tugas.id walaupun WFO, komunikasi tetap lancar, kerjaan

Debby Trawa Tyto

Aplikasi terbaik yg aku pake, di tugas.id Kalo punya ilmu terkait kerjaan bisa dibagi juga ke temen temen sekantor

jorey kalme pepayosa

Keren banget nih....mau Adain acara reuni bisa janjian reunion lewat aplikasi Alumni,lebih praktis.

Yuli kartikasari

Pas banget nih aplikasi jadi mudah buat silaturahmi sama temen2 jaman sekolah

Dhanang

Sangat membantu sekali berkat CEISA TPB pekerjaan lebih mudah dan efisien

Gandi Wahudin

Benar² sangat membantu nih aplikasi alumni, bisa digunakan dimana saja dan kapan saja. Mantap

wendi pujiwaskito

Gampang banget chat ama bos dan tim via chatnya Tugas.id mantab banget ini

Wahyu Juni santoso

Nice ..dengan ini bisa lebih efisien ga perlu dua kali input , bisa lebih praktis ..recommended
